

FP6 RadioNet

(Draft: 8 March 2004)

Appointment of RadioNet Officers

The following are defined as RadioNet officers:

- Coordinator, Project Scientist and Project Manager
- Leaders of the Joint Research Activities
- Chairmen and vice-Chairmen of the Networking Activities.

Trans-national access contact persons are not RadioNet officers, they are appointed by the Director of the relevant facility,

At the start of the RadioNet programme (January 1, 2004) all RadioNet Officers are in place. However, at some point vacancies will occur and replacements will need to be found. The following procedure will apply:

1. The Chairman of the Board will notify all Board members that a position as a RadioNet Officer is vacant.
2. The Chairman will request that Board members offer nominations for replacements.
3. The Chairman will, either at a face-to-face Board meeting, by teleconference or by e-mail, conduct a poll of the Board to discuss the nominations and/or to vote.
4. The Chairman will then inform the successful candidate of their appointment as RadioNet Officer.
